Dear Employee Health Plan Member (EHP),

We care about your health and well-being. Be assured that Cleveland Clinic has a team of experts closely monitoring COVID-19 in accordance with protocols issued by the U.S. Centers for Disease Control and Prevention (CDC), Centers for Medicare & Medicaid Services (CMS), Food and Drug Administration (FDA), state and local public health departments. EHP is following the lead of Cleveland Clinic in supporting our health plan members’ needs.

COVID-19 Related Services:
To help ensure EHP members access to care, services will be covered as follows:

- Prior Authorizations on medications related to the treatment of COVID-19 have been removed.

Virtual Visits with Providers (such as Express Care Online, Telemedicine, Skype, FaceTime, Zoom):
- Virtual Visits are covered 100% for COVID-19 diagnoses
- Coverage normally includes virtual services provided by MD, DO, PA, NP, and Behavioral Health providers; coverage now also includes all specialties in Tier 1 and Tier 2. Out-Of-Network virtual visits are covered only with a COVID-19 diagnosis.
- Non COVID-19 reimbursement is based on the provider network tier (Tier 1 at 100%; Tier 2 at $500 deductible 70/30% after applicable copay; Out-of-Network excluded).

Phone Calls with Providers:
- Phone calls are covered 100% for COVID-19 diagnoses

EHP encourages early refills of maintenance medications so that members have adequate medication on hand. Cleveland Clinic pharmacy staff will work with the EHP to obtain early refill overrides to allow for this.
Members should also consider using the Cleveland Clinic Home Delivery Pharmacy to obtain maintenance medications. Doing so will decrease foot traffic in our family health centers and hospitals and promote social distancing to contain COVID-19 until the situation resolves.
