

My Personal Program Requirements

Your Health Status is: **HEALTHY**

You have been identified with the “Healthy” status for 2022. Follow these steps to earn the best discount on your health plan premium for 2023. Up to 30%.

What does it mean if your health status says “Healthy?”

The Healthy Choice program focuses on six chronic conditions. Your health information indicates you do not have any of these conditions.

How do I earn full credit?

To earn full credit, you must track your steps or activity minutes in the Healthy Choice portal using an approved activity device and meet the monthly activity goal for any six non-consecutive calendar months between Jan. and Sept. 2022.

- Link your device to the portal.
 - To earn full credit, we recommend linking your device as soon as possible but no later than Mar. 31, 2022 so that you have enough time to meet the activity goal for six months, by Sept. 30.
 - Sync your device on a regular basis. We recommend doing this daily, or at the very least, weekly. It only takes a few minutes.
- Track your activity in the portal and meet the **monthly activity goal** for any six months between Jan. and Sept. 2022.

Monthly Activity Goal: 180,000 steps per calendar month OR 900 activity minutes per calendar month
- Login to your portal weekly to make sure your activity is being recorded.

How do I earn partial credit?

Members may be eligible for partial credit if they actively participate but don't meet all the criteria to earn full credit. You could earn partial credit in two ways:

- Link your device to the portal.
- Track your activity in the portal and meet the monthly activity goal for any three calendar months by Sept. 30, 2022. We recommend linking your device as soon as possible but no later than June 30, 2022 so that you have enough time to meet the activity goal for three months, by Sept. 30.

Monthly Activity Goal: 180,000 steps per calendar month OR 900 activity minutes per calendar month
—OR—
- Link your device to the portal.
- Track your activity in the portal and meet half of the monthly activity goal for any six calendar months by Sept. 30, 2022. Example: meeting 90,000 steps per month OR 450 activity minutes per month equals half of the monthly goal. We recommend linking your device no later than Mar. 31, 2022 so that you have enough time to meet half of the activity goal for six months, by Sept. 30.

It is your responsibility to make sure your activity data is being recorded accurately in the portal. The Health Plan does not take responsibility for lost, broken, stolen, or malfunctioning devices or data loss.

My Personal Program Requirements – HEALTHY

If you are newly diagnosed with one or more of the conditions that qualifies you for our Coordinated Care programs – asthma, diabetes, high blood pressure, high cholesterol, nicotine/tobacco use, or weight management – contact the health plan to have your records updated. You will need to enroll in a Coordinated Care program by Sept. 30.

Note to health plan members with physical challenges: If you have a physical limitation that prevents you from meeting the physical activity requirement for the Healthy Choice premium discount, contact the EHP to discuss wellness management options that fit your needs.

Pregnant members with the Healthy health status: Continue using an activity tracker for your participation credit. If you are experiencing a medical condition during your pregnancy that prevents you from being physically active, contact EHP to discuss other options.
